

## African Art Rubric

**4:** Student goes beyond assignment expectations, exhibiting additional knowledge about their subject that was not required.

**3:** Student successfully researched and designed a replication of African art.

Student showed they could combine technology, art, and writing.

Student created a written response that explains their art work. Response included:

- A **physical description** (What are its features? What materials were used to make it?)
- An **explanation about its use** (Was it functional such as a piece of furniture? Was it worn by people? Was it used in ceremonies?)
- Explanation of **the process** the student went through to choose and replicate the piece.

**2:** Student is missing one or more requirements for a level three.

**1:** Student did not attempt to follow assignment instructions.
