

The Yankee Stadium is next to where I live. It is a very big place. My mom and I go there to see the Yankee players. I love it when they are winning because I get to scream and my mother does not get upset.

The best part of the game is when a player has to jump high to catch the ball. I love it when a Yankee player catches the ball and gets the other team out. Lots of people go to the Yankee Stadium to watch the players play baseball. I think it is awesome. You can buy food and eat while watching the game. I also get a Yankee hand that has the pointed finger.

When the game ends, all the people get up to go home. They leave a lot of garbage. The garbage from all the food they ate. Some people come in the Yankee Stadium and clean it. It stays clean until the next time people come and see the Yankees play baseball.

I like to visit the Yankee Stadium! My favorite player is Alex Rodriguez.

Bronx Museum of Arts

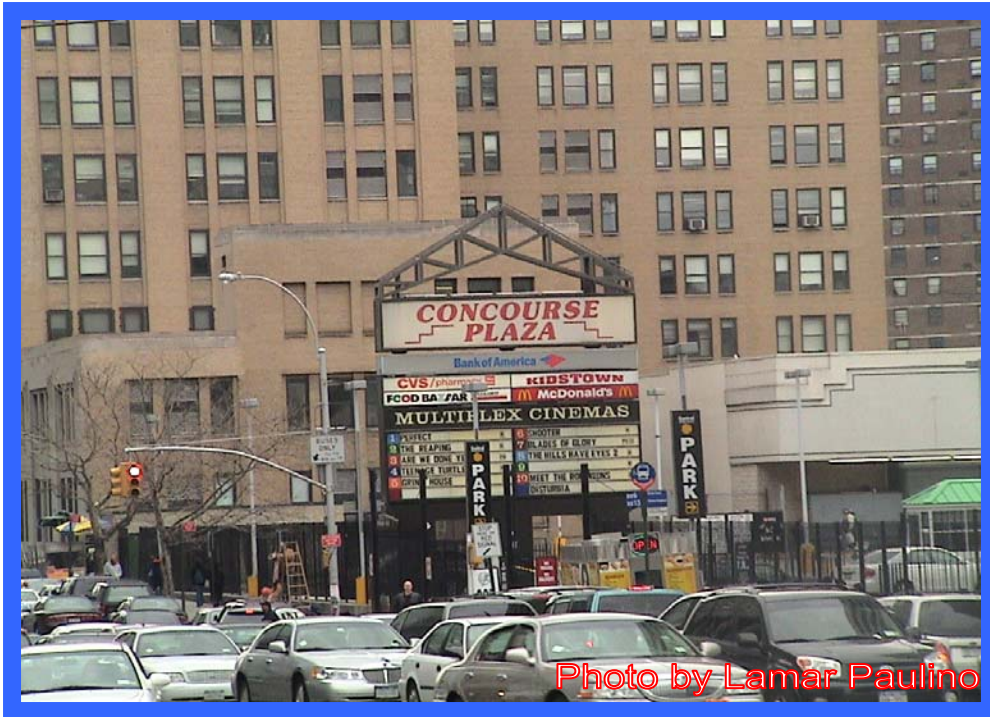

This is the Bronx Museum of Arts. It is in my neighborhood. At the museum, families can do many activities. People can draw many different things. You can also see different types of arts of other people.

Going to the museum is a lot of fun. The museum is a wonderful place to go with your families. The museum is fun because you can learn. You can learn many activities.

Concourse Plaza

Concourse Plaza is a great place to go in my neighborhood. It has a Food Bazaar. It is a very big supermarket. You can buy different types of food. There is also a movie theatre inside of the Concourse Plaza.

The last movie I saw was "Meet the Robinsons" and "Are We Done Yet". When you go inside the theater you will be amazed because they have pizza and M&Ms.

The Bronx County Courthouse

Mario Merola Building

In my neighborhood there is a courthouse. It is the Bronx County Courthouse. It is near Yankee Stadium. It is a big, big, big, place. It has many floors. It also has a lot of steps. It cost a lot of money to build. It cost over a million dollars. It was built in 1933. No one can knock it down because it is a historical landmark.

The courthouse is also near the train station and many other places such as the bank where my mother does her banking. There is a McDonalds and a Burger King across the street from this courthouse.

The courthouse is a place where many people work. You can get a job there if you are a lawyer, a policeman, or a judge.
